REQUESTING TO SEE A PHYSICIAN
PLEASE READ CAREFULLY

Due to our Physician's surgical demands and the volume of patients seen in our office, we utilize Board Certified Physicians Assistants (PAs).

Kentucky Orthopedics & Spine prides itself on the high caliber of its PAs. They complete routine continuing education and are highly educated in their field. Our surgeons have nothing but the utmost confidence in the PAs employed at Kentucky Orthopedics & Spine and their skill level.

Our physicians and their PAs work from a combined daily schedule.
At any time, you may be seen by a PA, even if otherwise requested.

Requesting to see a physician may cause longer wait times, delayed scheduling and cannot be guaranteed.

Please note: Our surgeons are required to address emergency surgeries off-site when necessary. This can result in last minute changes to clinic schedules for both patients and the providers.

By signing below, I acknowledge I have read and understand the above notice. Any questions or concerns I may have were addressed by the practice staff or providers.

Policies Regarding Medication
PLEASE READ CAREFULLY AND INITIAL EACH LINE!

Please note: In our specialty, medications are not an emergent situation. Nor are they something that we are required to supply to any patient. We will do our best to keep you comfortable while you heal from the orthopedic issue we are treating you for.

________CONSENT TO BE TREATED WITH CONTROLLED SUBSTANCES: I consent to be treated with a controlled substance(s) if my providers deem it necessary. I understand that I am not required to take these medications and will discuss any concerns with my provider at the time of the exam.

________CONSENT TO NOTIFY PRIMARY & REFERRING PROVIDERS: I consent to my treatment and care plans, as well as any other correspondence, being sent to my primary care physician or referring physician in order to keep them up to date on any care Kentucky Orthopaedics & Spine may be providing.

________REFILLS: Any medication refills requested by phone may take up to 7-10 days to be addressed, and either approved or declined by prescribing provider. If requesting refills by phone, please provide the spelling of your name, phone number, spelling of the requested medication, pharmacy name and phone number. Other physicians in the office will NOT refill medication if they were not the original prescribing provider.

________PAIN MEDICATIONS & KASPER REPORTING: Medications prescribed by our providers in this office are for limited medical conditions and injuries, including acute fractures and post-operative pain. Pain medications ARE NOT given for chronic conditions. I understand that my provider will request a KASPER (KY All Scheduled Prescription Electronic Report) and may base the decision to provide controlled substances based on that report.

________Any medication being requested while you are in the office must be done with the provider while you are in the exam room with them. We will not interrupt clinic to address medication requests or questions once you have left the exam room. THIS INCLUDES THE CHECK-OUT WINDOW. At that time, your request will be entered into our medication log and addressed by your provider when they are in the office.

________Patients are responsible for their own medication. We WILL NOT replace lost or stolen medications. No exceptions.

________DRUG SCREENS: By law, periodically, you will be required to perform a urine and/or swab drug screen or can be subject to a random pill count. You will be asked to disclose any/all medications you are taking. If you fail this screen for medications which you did not disclose, you may be temporarily or permanently suspended from the practice, at the doctor's discretion. If you fail this screen for illegal narcotics or recreational drugs, you will be permanently discharged from our practice. If you are asked to produce a urine sample, you have 30 minutes to do so. If you cannot comply, this is an automatic failed screen. You will not be supplied with narcotic medications. If you leave the building while waiting to supply a urine sample, this is an automatic failed screen. You will not be supplied with medication and may be discharged from the practice.

________ELECTRONIC PRESCRIBING: As of January 1, 2021, medical providers are required to prescribe all medications electronically. Please be sure that you have provided the office with the pharmacy in which you would prefer your medications be sent. Prescriptions will only be sent your pharmacy during normal business hours. By initialing this line, you acknowledge that you have been made aware of this regulation and will provide appropriate prescribing information about your pharmacy preferences below:
